Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

• Upskilling of teachers in the use of OneSchool to enable all teachers share student data using the developmental maps markbook, individual curriculum plans, the differentiation placemat & dashboard functionality effectively.
• Provision of professional development to develop teacher capacity to design and implement curriculum-aligned monitoring and assessment tasks and to build teachers’ ability to differentiate better.
• Provision of professional development and resources to commence developing a whole school approach to teaching writing aligned to and including engagement with the Seven Steps in Writing techniques.
