Great Results Guarantee

Snapshot report

Under the agreement for 2014
Beerburrum State School received

$38,116*

Our full 2014 agreement can be found here:

Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Using school-based and systemic (NAPLAN) data to develop individual learning plans that include individual learning goals and focus on areas of improvement with targeted learning goals.
- Develop and continuously monitor and adapt individual learning plans for students with disabilities.
- Implementing a whole school approach to the teaching of reading and reading comprehension supported by appropriate staff training and resources.
- Funding additional FTE of 0.2 for existing Support Teachers within the school to support identified students in the area of reading.
- Funding an additional teacher aide hours per week to support identified students in the area of reading.
- Developing whole-school plan that ensures reading is explicitly taught, monitored and assessed across all learning areas.
- Purchasing a school online reading program subscription to support identified students in the area of reading.
